beige	4019588206519	2065/1634	6 kg	3,6 kg	69,2 x 77,8 x 19,5 cm

TOP FEATURES

- The SATMAN 65 Plus is a high-quality, high-performance satellite dish made of premium aluminum with double-sided powder coating, ensuring exceptional weather resistance and long service life
- The satellite system is extremely powerful and easy to install thanks to the fully preassembled AZ/EL mount; the mast bracket is suitable for mounting on poles with a maximum diameter of 6.5 cm
- The solid satellite dish with a diameter of 65 cm provides stable and very good reception of free and encrypted TV and radio programs, including UHD/4K, when optimally aligned.
- The included AZ/EL mount – the LNB support arm – is exclusively intended for use with TechniSat UNYSAT universal LNBs; a selection can be found in the table below.
